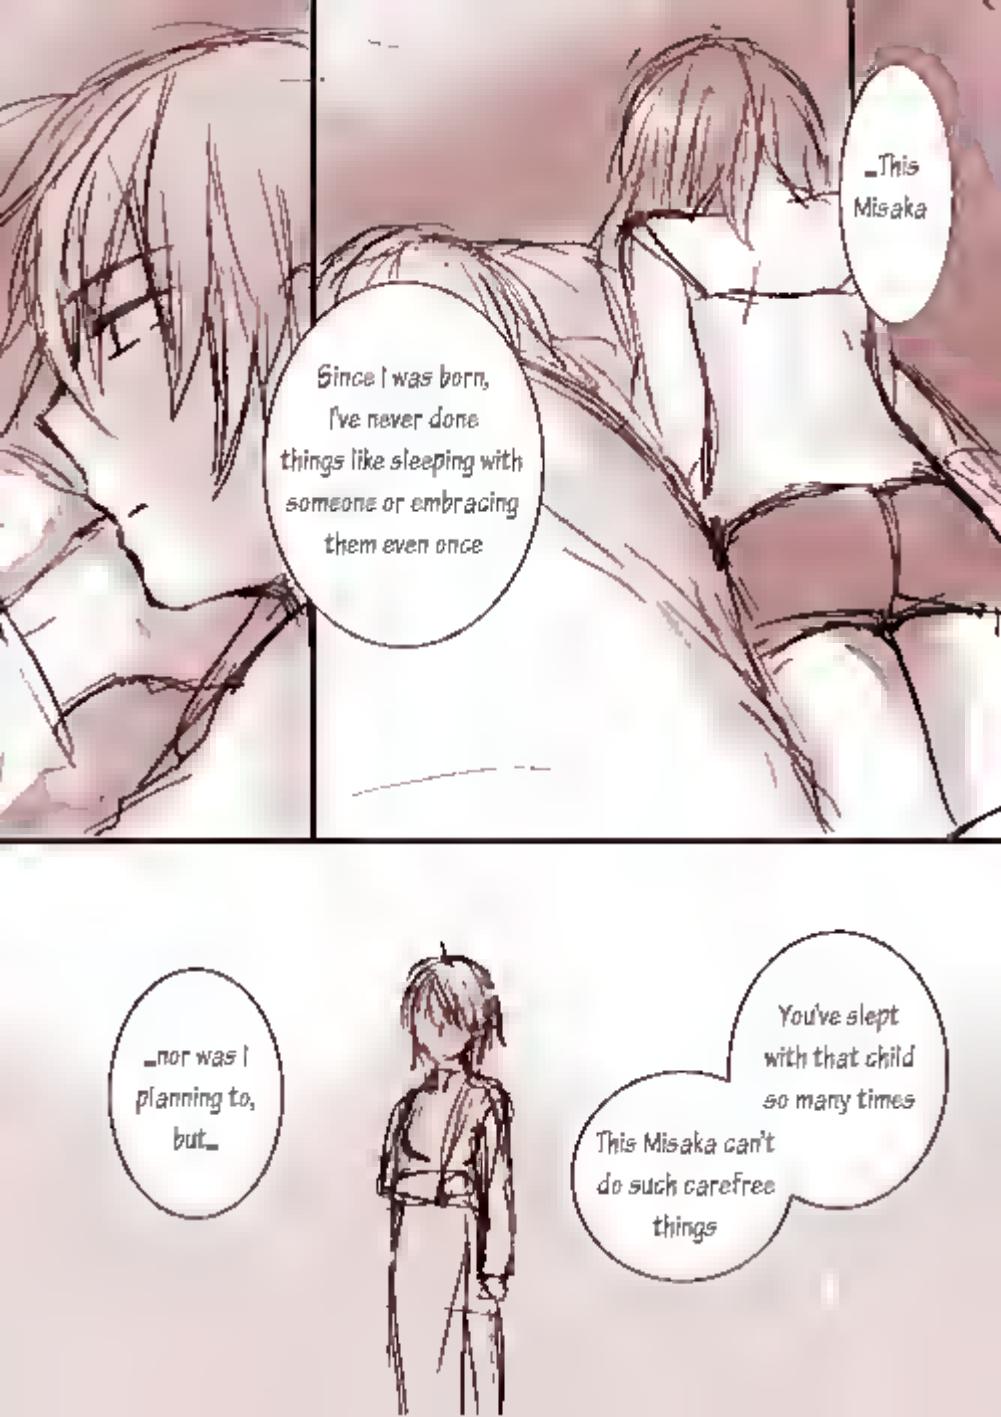
...mm...
Hey, it's cold
If you're coming in then...
...Sigh. she's crawling into people's beds half asleep again
...Last Order?

Good evening
Pretty daring eh, Number One?
...Ah?
...come
What are you doing, Worst-chan?
You really want to be punished, don't you?
Yep, that's fine with Misaka

Harassment?
Ho.
When we're woken up by Last Order tomorrow morning
I wonder what the damage caused by us sleeping together will be
Filthy. Filthy! says Misaka, says Misaka
I'm sleepy so I'll do it tomorrow
If you want to do me a big service then get out right now. I'll punch you 5 times to forgive you
So go to sleep
_Sigh What a boring man
_You know
From the look of things earlier
If I had been Last Order you would have embraced me while went to sleep, right? You probably always do that sort of thing
You Lolicon

If I had told her to get out, she would start crying and things would get troublesome
I wouldn't have embraced anyone
I would have only covered her up, that's all
...Then
If I cried and begged you, would you sleep with this Misaka as well?
And embrace me?
What are you saying?
What's wrong with that head of yours?
I don't know but...



_This Misaka
Since I was born, I've never done things like sleeping with someone or embracing them even once
nor was I planning to, but
You've slept with that child so many times
This Misaka can't do such carefree things

You sleeping with that child, there was a sickingly happy feeling to it, so
I wondered what it was like
It became a curiosity
...being able to embrace someone
Is embracing really that good of a thing?
This Misaka doesn't know
This kind of emotion, Misaka cannot understand using the Misaka Network

What am I saying
That's why
I wanted to experience it for myself
No it was
nothing
Forget what I said just now
Sorry for the intrusion
I'm leaving
Your complaining is really annoying

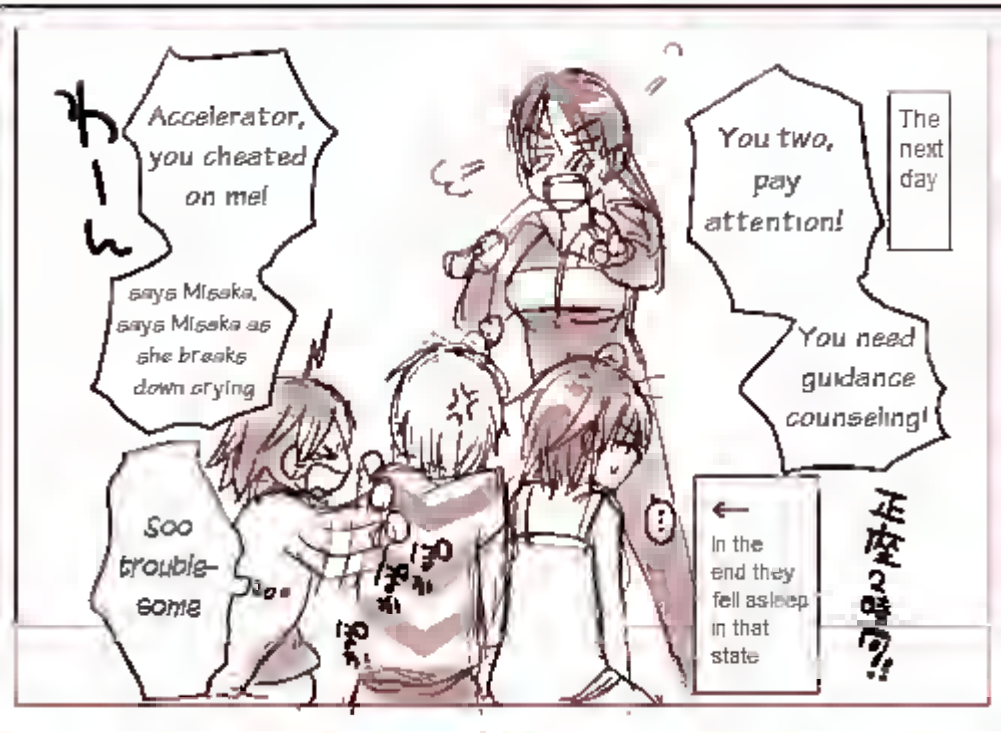
Ah!
Is this fine.
You brat

This...
To prevent misunderstandings we can't sleep together
Stay like this until you're satisfied, then go back to your room
This warmth is disgusting
Yeah, I know
...You're tickling me
Yea, yea
Heh
Heh
You know, Accelerator
Heh
You talk too much

haha
_hee
Nothing
This is too disgus-ting
_Heh
Idiot
Don't get too cozy with me

I really wish you two would find someone else to bother

Damn brats



Accelerator, you cheated on me!
says Misaka, says Misaka as she breaks down crying
Soo trouble-some
You two, pay attention!
You need guidance counseling!
The next day
In the end they fell asleep in that state
正座2時間?!
